Dear Mrs. Kuhn,

On behalf of the Husan Village Council, we fully support the efforts of Roots of Peace to turn "mines to vines" in the fields of Bethlehem.

We salute your efforts to remove landmines worldwide. And, during the past three years, we have been most grateful for the multiple visits by you and Mrs. Fadwa Abu Labon, Palestine Country Director of Roots of Peace. Together, as two mothers of both Palestine and America, you have cultivated the land for planting the roots of peace in the Holy Land.

We look forward to the removal of the first landmine on April 17, 2013, and the planting of grapevines for the future generations of children to thrive.

Sincerely,

Hasan Hamamreh
Manager
Husan Village Council
